SUMMARY OF SKILLS

I'm proficient with HTML5, and CSS3, SASS, LESS, and Javascript. I have experience with Vue, React, and jQuery, as well as the MEVN/MERN stacks. I've built backends with Node and PHP, and I've done some training with Shopify/Liquid. I've learned SQL and GraphQL, and I've used Postgres and MongoDB for various projects. I've also taken courses in C#, C++, and Python. I've learned the basics of Docker and I'm comfortable with a Git workflow.
